

Tested & Proven:

- [Electric Power Research Institute \(EPRI\)](#)
- Alabama Department of Transportation
- Criterium-Sollie Engineering
- Touchstone Labs
- California Prop 65 Compliant

Capability Statement

www.ovantellc.com

Ovante is leading the way in solving problems such as rust and corrosion. Our leadership is built on innovation, networking, and our concern for the environment. We have the capability to support any size project from the design phase to asset retirement.

Our Competencies:

- **Proven Corrosion Mitigation Products**
With our **ecomère** coating as the basis for our product lines, we provide flexible, adaptive, and robust solutions to reduce labor, time, and maintenance and inspection costs over the life of the asset while increasing the asset value from design to retirement.
- **Proven Culture of Innovation**
When Southern Company, Inc. came to us with a specific product need, we met that need within a matter of days. Our corporate size allows us to move quickly and efficiently, even when it involves the development of new technologies. We currently serve the utility, agriculture, oil & gas, transportation, defense, and floor covering industries.
- **Proven Leadership**
From our environmentally safe coatings to our involvement in developing industry standards and guidelines through IEEE and NACE, Ovante is leading the world to better solutions and strategies for corrosion mitigation.

Our Product Lines:

ecomère
The coating that agrees with nature!

Ovante's UV, chemical, abrasion & time resistant coating is the basis for all our product lines.

DuraTop-50

Relax: it's covered!

Our DuraTop pole caps prevent decay and rust in poles, piers and fence posts

SGPS STORM GREETER PEEL & STICK
Applies in minutes, lasts for decades!

SGPS provides a durable coating in one simple step.

FireBreak provides protection for wood poles and structures – up to 9 wildfires!

FIREBREAK

Relax: It's covered!

NAICS, PSC & FSC Codes:

- 237120 Corrosion protection, underground pipelines and oil storage tanks
- 541715 Research & Development – Physical, Engineering & Life Sciences
- 313230 Carpet padding (nonwoven) mfg.
- 541690 Other Scientific & Technical Consulting Services
- 238190 Cathodic Protection, installation
- 325998 Rust preventive preparations, manufacturing
- 335932 Transmission pole and line hardware, manufacturing
- 332312 Transmission tower sections, fabricated
- 423610 Transmission Equipment, electrical merchant wholesalers
- 237130 Transmission and Distribution line construction
- 486210 Natural Gas transmission (i.e. processing plants to local distribution systems)
- 238220 Natural Gas Piping Installation
- 211130 Natural Gas, offshore production
- 211120 Offshore crude petroleum production
- AZ13 - Other R&D: Advanced Development
- H156 - Quality Control: Construction & Building Materials
- Y--- - Constr. of Structures & Facilities (any construction where corrosion management should be addressed)
- 6120 - Transformers: Distribution & Power Stations
- 5660 - Fencing, Fences, Gates & Components
- 1945 - Pontoons and Floating Docks
- 1950 - Floating Dry Docks

Company Overview:

- **Ovante, LLC was formed in 2010 and is headquartered in Tallahassee, FL**
- **Ovante R&D is located in Auburn, AL**
- **President & CTO – Jon H. Brasher**

Reduced Risk. Increased Value & Predictability. Peace of Mind.

Contact Ovante for your corrosion management and coating strategy.
